TRIAC Control System
P10-TRIAC-SYS05

Ref. 9983

Model	Input (VDC)	Output (VDC)	Output Current(mA)	Dimmable	Size
P10-TRIAC-SYS05	24/48V	24/48V	10A MAX	Z-WAVE	128.5X39.4X23.8MM

TRIAC, support push dimming

External | Class III | NO water proof

Rated Power | 480W MAX

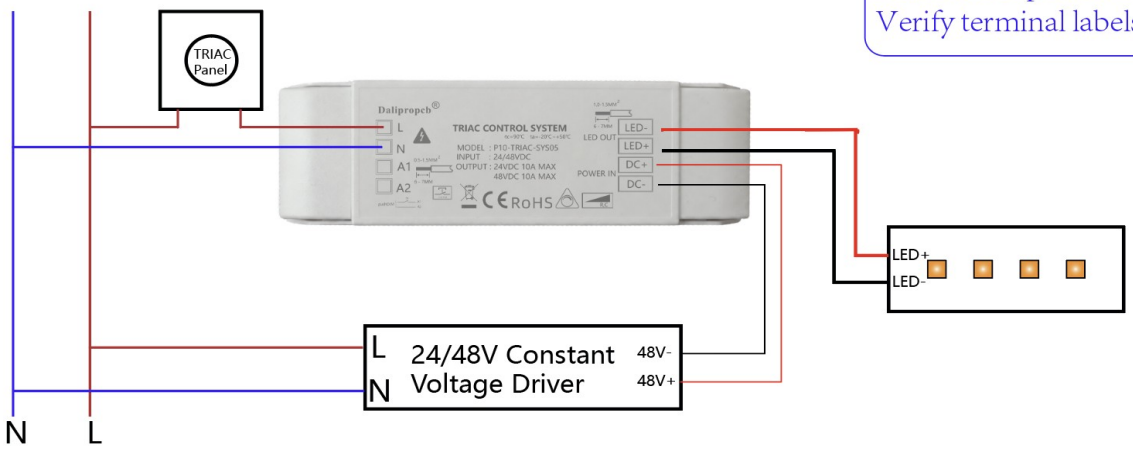

Output Type | Constant Voltage Output

Max Current Input | 10A@ Full load

Wiring

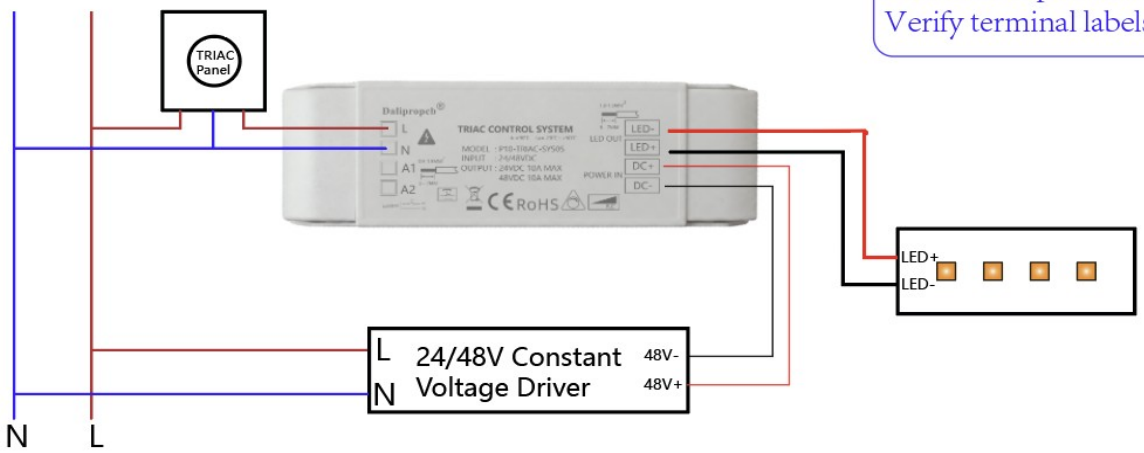

Connect Single wire Triac dimmer without nature wire

Disconnect power before wiring
Verify terminal labels and polarity

Connect Single wire Triac dimmer with nature wire

Disconnect power before wiring
Verify terminal labels and polarity

Connect Single wire Triac dimmer with PUSH Switch

Disconnect power before wiring
Verify terminal labels and polarity
